Thanks, Tony. This looks good. There is one typo in the CZARA blurb that I've corrected below:

Tony, Dianne, Tami and Dan,

This follows my voicemails left for each of you this morning.

Here's the status of this request:  
Idaho—complete.  
Washington—need 1 or 2 sentences on fish consumption.  
Oregon and Alaska—need your items.

Please let me know if I need to contact anyone else to get all these **1 or 2 sentence updates for tomorrow morning**.

Thank you!

Hello. This is a request for hot topics by this Friday morning, August 29, for the Administrator's participation in the September 2014 ECOS meeting.

For your reference, I've attached the R10 submissions for the March 2014 ECOS meeting and for the June 2014 WGA meeting.  
Please note that many of those write-ups are way too long for the current format—**OCIR wants only 1 or 2 sentences per topic!**

I've included Christine due to possible Oregon water topics and Teena due to likely energy export topics. Please let me know if there are others, in addition to the ops office directors, who might have hot topics.

Thank you!
